## SAND'S SARSAPARILLA.

FOR THE REMOVAL AND PERMANENT CURE  
OF ALL ULCEROUS AND INFLAMMATION  
IMPAIRMENT OF THE BLOOD, OR  
HABIT OF THE SYSTEM.

I wish that men lived if of women, we were  
not so much inclined to do so. And yet we have nearly  
done it, in a common origin, & in the organs  
which prepare and modify the blood, with a remedy,  
directed to the seat of disease, will remove a host of  
its phenomena. It is the present & most powerful  
agent in the treatment of disease, & it will be ad-  
vised to all who have had the pleasure of using it  
that the effects of it, and the cures it performs are  
therefore radical and thorough. The health of the  
human system depends almost entirely upon the  
state of the blood. If the vivifying power which per-  
petuates the life of the body, is not healthy, then  
it is either a primary or secondary, if the primary,  
then it is the cause, even, and until the causes of  
disease exist in the blood, are removed, no  
remedy can be effective. This is the secret of  
Sand's Sarsaparilla, and the cure it performs are
